FREMONT, NEBR.

Home! 'Tis to thee that the tend'rest reflections
Laden with sweetness and beauty return.
Home! Where our thoughts live—with fondest remembrance
Steeping the soul—for the love-fires still burn.

Home! Where our lives dawned—were cherished and nurtured,
Where toddling feet learned to trust mother's smile;
Our deepest prayer that her stamp may not leave us,
Our greatest hope to be true to that life.

Home! When the pale dawn of life comes to blossom,
Coming to fullness in youth's early years;
How deeply in gratitude, we must acknowledge
The power of Home's joys, the grip of her cares!

Home! In our journey through all of life's pathways,
Though we may walk with the crowd or alone,
Ever we'll value the power of thy guidance;
From thee comes the best, yea, e'en all that we own.

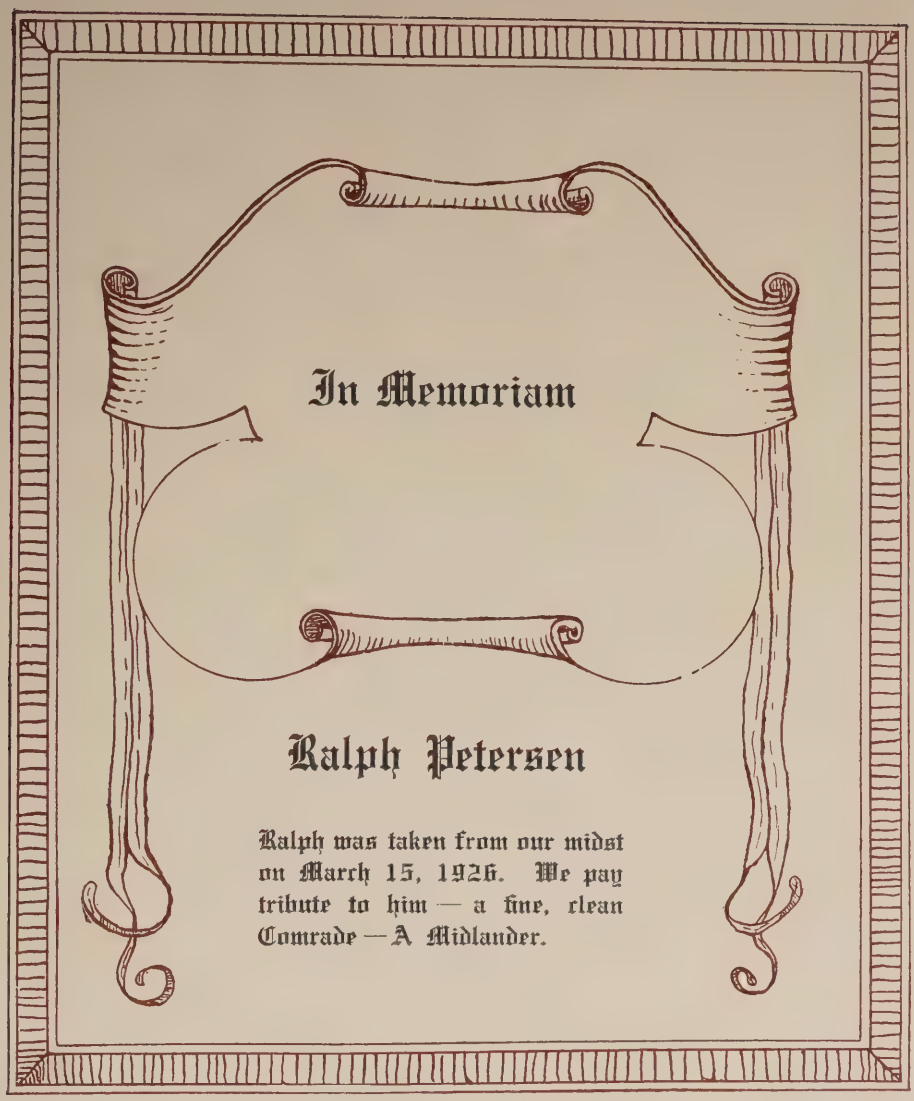
DEDICATION

TO OUR HOMES—

WE owe more than we can ever realize or hope to repay. Here it was that our lives were shaped and moulded,—that our ideals were fostered,—our hopes and ambitions nourished. Here we learned the beauty of love and sacrifice,—pictured in life colors in the lives of our Mothers and our Fathers.

WE give humble thanks for the life they have given us,—for the sacrifices they have made for us,—for the prayers they have offered for our strengthening, —for the God they have helped us to know.

WE affectionately dedicate this, the 1926 WARRIOR in loving appreciation.



In Memoriam

Ralph Petersen

Ralph was taken from our midst on March 15, 1926. We pay tribute to him — a fine, clean Comrade — A Midlander.

FOREWORD

To you, our friend, whoever you may be, we give this little sketch of the life of our college. The purpose which has guided all our efforts, has been to present the story of this year's experiences, representing a life of inestimable richness to those who have had a part in it. It is our hope that we have been able to express more than the mere list of the names of those who have lived in our halls. For those who have experienced with us, this year of abundant life, we hope that this book will bring back, in the suggestions we have gathered, the truer meaning of the many rich experiences which have gone to make up the past year. Especially, we hope, when the lapse of time has turned our hearts to a greater appreciation and deeper love, this little book may keep dear to us our beloved Alma Mater.

FOLLOW THE GLEAM

TO THE knights in the days of old
Keeping vigil on mountain heights,
Came a vision of Holy Grail
And a voice through the waiting night.
Follow, follow, follow the gleam,
Banners unfurled o'er all the world,
Follow, follow, follow the gleam
Of the chalice that is the Grail.

And we who would serve the King
And loyally Him obey,
In the consecrate silence know
That the challenge still holds today.
Follow, follow, follow the gleam
Standards of worth o'er all the earth,
Follow, follow, follow the gleam
Of the light that shall bring the dawn.

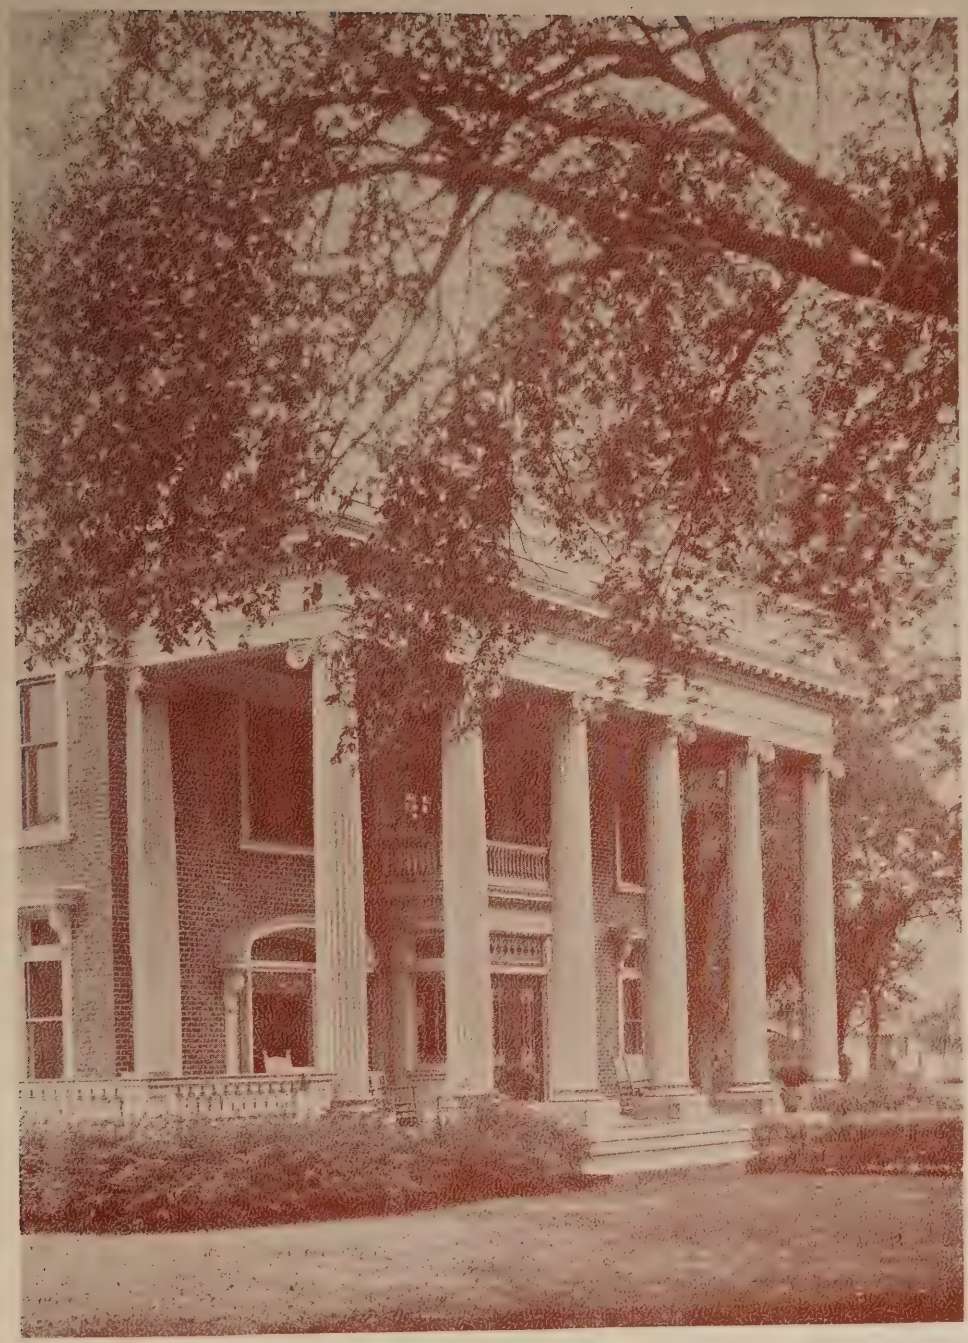
WARRIOR '26



Across the white ledges
Hazy traceries of leaves . . . sun-burnished . . .
Fall in delicate witcheries
Of tangled light.

Where Strolled book-tired students,
Or couples not in haste, and others not on business bent.

How oft have voices lifted high
Their songs of heavenly praise
How oft have men their spirits cleansed
And received the consciousness that pays.

Where shall live embattled Sport and robust Health
Here toil and care forgotten,
All are young again.

Along these paths still honey-footed lingers
Romance, and still with scented fingers
Puts back the stems that lean across her way.

These temples of His grace
How beautiful they stand;
The honors of our native place,
The bulwarks of our land.

Lo, sifted through the winds that blow
Down comes the soft and silent snow,
White petals from the flowers that grow
In the cold atmosphere.

Under the cooling shadow of a stately elm,
Close sat I by a goodly river's side,
Where gliding streams the rock did overwhelm.

Seniors

CHRISTINE ALBERS

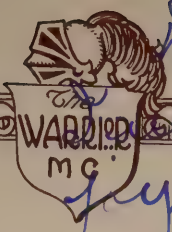
Bendena, Kansas.

"Chris" has difficulty in not thinking in terms of "South Dakota" and "Ross" all of the time. She is another of our fine Kansas girls and has been under the training and influence of Miss Diehl these four years. "Chris" has lots of pep and is a popular member of the Midland Players. She wears a diamond on her "right" hand and says she intends to teach next year. But one does change one's mind sometimes. Best of luck from the class, "Chris."

LOUIS BRETERNITZ

North Platte, Nebr.

"Louie," the shoe salesman from Buck's Booterie. He's not only a good shoe salesman but a popular man on the campus. "Louie" is the wit of the class and comes from the "famed" western town of North Platte. "Louie" excels in dramatics and has had prominent parts in several plays. He can generally be found at the house on the corner of Ninth and Irving or in "Papa's Store."



Dear Anna:
I wish you luck, love,
joy and success!
Your friend
Tunie

TUNIE CURYEA

Fremont, Nebr.

"Tune" is finishing in three years. She was president of the Y. W. C. A. and of the Madrigal Society, and a member of the Girls' Quartette. Tunie is particularly active in these organizations, for she shows a splendid Christian spirit to all and possesses a beautiful soprano voice. "Tune" is a "Wood" gatherer and expects to teach next year. No one ever saw her when she wasn't pleasant and sweet and she should have all of the happiness in the world.

HARRY EBEL

Dakota City, Nebr.

Ebel, the snap shot artist, seen and heard around quite frequently. Chief sentry of the practice rooms and old chapel between the hours of 7:30 and 11:00 P. M. Also takes chapel roll for the Junior and Senior classes. Ebel comes from Northeastern Nebraska and claims that it is a fine place. The girl proposition has never bothered him much. He is a good all-around worker.

LOUISE FACKLEMAN

Ponca, Nebr.

The other Sunshine Twin. She is a popular and busy member of the Midland Players, Student Council, Madrigal Society and second "basso" of the Quartette. She loves a good time and generally has it but she says she studies sometimes. She is Lucille's sidekick and always greets one with a smile and a pleasant bit of apple-sauce. Louise is majoring English and is planning to teach. Time will tell! "Has she got naughty eyes." Nothing else but. That certain Senior of our'n.

ROBERT GASTON

Atchison, Kansas

"Bob" Gaston—oh sure, he's the boy from Kansas that slings a mean line of oratory and strums a mean uke. Bob is a fellow with a ready line of "hot-air" and seems to make good in everything he does and everywhere he goes. He's a popular member of the Forum and a speaker of no mean ability. He's very seldom seen without "Gene." He plans to enter the ministry.

FREDA GEERTSEN

Fremont, Nebr.

Freda wasn't with us this last year, just coming back to graduate with us. She has been teaching English and Commercial subjects at the Elkhorn, Nebraska, High School this last year. No one ever saw her when she wasn't smiling and happy. She's a sport and an A student. She was our bookkeeper and can always be depended upon to do anything she is asked to do.

BESSIE GREENAWALT

Walton, Nebr.

Bessie, recognized by her laugh and her liking for Graham (not crackers but Loran). Bessie has been very helpful this year to the Midland Players, Madrigal Society and Science Club. She is a loyal dependable worker. She has been with the teachers for two years but joined us this year to graduate. Bessie is very likeable, jolly, and has the good wishes of everyone.

Anna, the successful "rival" kata. Forgive me for all my rudeness but some of boys will be boys. Remember our trip to Mead, how the tire wouldn't stay up, how we didn't know whether we were lost or not etc.

Best of Luck + Success.

Ernie.

ERNEST GRITTMAN

Glasco, Kansas

"Ernie" is one of the peppy Jenning's gang you so often hear about. Even if he does come from Kansas we'll have to admit he's the real stuff. He was president of the Wynn Society and of the Science Club this past year. Though not as noisy as a lot of people, he's a true friend and good sport and probably knows something about some collegiate mysteries. The girls at Midland have never bothered him much.

ERNEST HARDER

Johnson, Nebr.

"Ernie" is especially popular in all kinds of work of a Christian character. He's been president of so many things around this campus that they couldn't be mentioned here. He's the class philosopher and is a logical and brainy thinker. Last summer he very successfully supplied the pastorate at Dakota City. He has the ability to make friends wherever he goes and we know he'll make good.

Jim sorry you couldn't go with us that day. You were a sad thing. Just a scrapbook about. Good luck to you. Sincerely.

This is some life, isn't it? Lots of happiness and success to you. Helen

HELEN HARDER

Johnson, Nebr.

Helen, the good-natured librarian and another one of the Harder's. She has been teaching in Fremont for several years and has a host of friends here. We were glad to have her join our class this year. Helen is a member of the Madrigal Society and also of the Student Council. She has a good deal of ability and is one of the Dean's best friends. She is a conscientious worker and very well liked by everyone.

The Little Diner isn't a half bad place to waste time is it? I hope you are back next year to enjoy the college life. It sure is fun. Love, Lucille.

LUCILLE HECKT

Hooper, Nebr.

Lucille, one of the Sunshine Twins and that classy, jazzy pianist you hear so often. She has already started to write checks on the Wahoo National Bank, but she says that don't mean anything. She is never downhearted and has a giggle all her own. She's been a mighty good accompanist for the Glee Clubs and Male Quartette. A true Midlander and one that will make a good wife for some "Swede" some day.

ELLA LEGBAND

Fremont, Nebr.

Ella—Oh, for her dignity! She is dignified and good looking and delights the Dean by her recitations in history. She finally joined the ranks of the bobbed hair lassies this year. Ella's major is Home Economics, and believe it or not, she surely can cook. She'll delight some man some day and here's hoping he's a good one. She is never cross nor cranky and is very jolly with a crowd and with her friends.

HARRY LENHOUTS

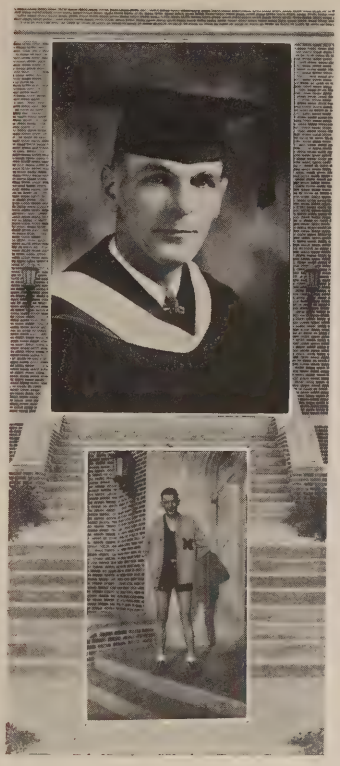
Columbus, Nebr.

Harry is the one football player that our class possesses. He had rather hard luck the first year though, as he injured his leg, but maybe you think we aren't proud of him. Nothing but. Harry has been "Livin' off the institution" this last year and has the task of being head of the "Sweeping brigade." He says that next year he'll join the ranks of the teachers.

HOWARD MEADOR

Fremont, Nebr.

Howard is a Fremont fellow and is another one of those quiet chaps that you can't find out much about. He has done work at the state university but he evidently thought that Midland was a pretty decent place because he's finishing here. 'Tis said and 'tis true, too— that his heart isn't in Nebraska but out west in Wyoming That's all right, the class offers congratulations and the best of luck and happiness always.



HAMILTON MITTEN

Towanda, Penn.

"Ham"—not Armour's Premium, but Mitten. He did not enter our class until this year but we are glad that he at last saw the light. "Ham" is a mean man with the women and is also mighty wicked on the basketball floor. Whenever you want a good pep stunt just ask "Ham" and you'll have it. He's right there in more ways than one, is a real fellow, and is liked by all.

We went on a nice skating party once; everything was nice but the weather anyway. There's wishing you lots of success.
Luther.

LUTHER MONKE

Fontanelle, Nebr.

"Monk" is that fellow you always see smiling. Luther has had plenty to do to keep him busy this last year as he was president of the Student Council and a member of several other popular organizations on the campus. He is an A student, is much admired by a good many girls, and is a real tennis shark. "Lute" is a dandy worker, a good sport, and a fellow well worth knowing.

WILLET MYERS

Scribner, Nebr.

Mrs. Myers, our married lady, and just because she's married is no indication that she's not with us and for us in everything we do as a class. She has been with us all the four years of our existence and we have learned to think a great deal of her. She is specializing in Home Economics, as she evidently knows the way to satisfy her husband best. She is a loyal friend and deserves a great deal of happiness.

LEONA PETERSEN

Fremont, Nebr.

Leona hasn't really been with our class at all but she's a Midland girl anyhow, having taken summer work and work in former years. But we want to say emphatically that we're glad to have her graduate with us. She has been teaching in the Fremont schools for the past few years and has made a decided success of her work. She greatly enhances the beauty of our class and possesses a very fine voice. She plans to continue in the teaching profession after obtaining her A. B.

HENRY STAPEL

Rockport, Mo.

"Hank" is a good-looking but quiet fellow and he lives up to that old adage that says "Silence is golden." He hails from the "You gotta show me" state. This year "Hank" was treasurer of the Student Chest Campaign Fund and he handled the office in a business-like and practical way. "Hank" is going to be a journalist and plans to attend Missouri University next year. All kinds of luck, fellah!

ALTMAN SWIHART

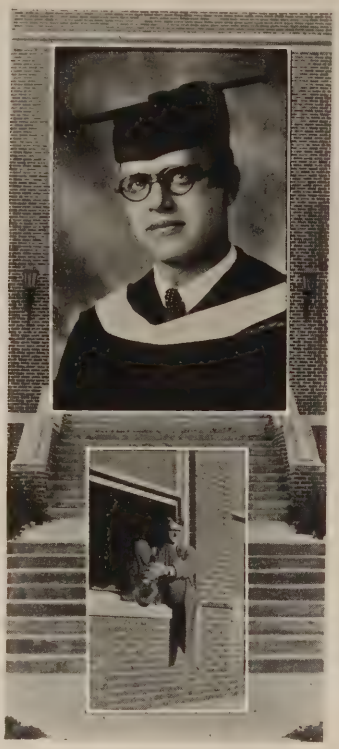
Nevada, Iowa

"Swi" comes from the state "where the tall corn grows." His most prominent "peculiarities" are that he is generally heard before seen, likes frog's legs, and that he has a strong attraction for "White." He has been prominent in the Kal Society, Y. M., and especially in the cheer-leading business. You should see him Charleston, too! "Swi" is going to enter the ministry and we predict a brilliant future for him.

ALBERT SUDMAN

Sarben, Nebr.

What would Midland seem like without one of the Sudmans? "Bert" will be remembered by some in the class as "Little Freddie Perkins" of "Daddy Long Legs" fame. "Bert" was manager of the Student Chest Campaign this year and was president of the Y. M. C. A. He has the respect of every one on the campus and is a popular fellow. "Bert" likes to think in terms of "Lucille." He is going to be a doctor, someday.



Dearest Anna:— You don't know how very glad I am that you came to Midland and that I thought when you came Say we'll be here as well my little friend you're a mighty fine girl Anna I found time ago. Just happiness possible and love always your friend

COTTA WHITE

Wolbach, Nebr.

Cotta has an indomitable spirit of pep that simply cannot be downed. She's been one of the main stays and backbone of the class for four years. She has a good head for management, especially of "Swi." Cotta is a popular member of the Kal Society, Glee Club and Midland Players. Cotta has more pep than any two ordinary persons and deserves a great deal of success. She's a good worker and can always be depended upon.

MYRTLE WILKE

Troy, Kansas.

Myrtle is always quiet but underneath that quietness there's plenty of life and pep. Myrtle has been under the care of L. L. D. for four years. She is a good Y. W. C. A. worker and in fact, a willing and reliable worker in anything she undertakes. Gets A grades and isn't stuck up about it either. She intends to be a teacher when she finishes her work here. She's a loyal Midlander and just one of that kind of girls you can't help but like.

Dear Anna: Another sweet girl from Wolbach! You're a mighty sweet little girl Anna + I like you so much. Glad you came to Midland for I'm sure many especially one have profited by your

EDMUND WOOD

North Platte, Nebr.

Meet the editor. Ted is especially interested in all kinds of Christian work such as Y. M., Christian Federation and Student Volunteers. He has been an active member of the Men's Glee Club for four years. He has a head for business and uses it. Ted has always used his good influence on the campus for good things. If you ever want to know where to find this likeable chap just ask "Tune." She'll know!

NORBERT ZIELS

Nebraska City, Nebr.

"Nort" our doctor and his most important case is "Dot." "Nort" has won a place in the hearts of all who know him. He's a star actor and was our "Daddy Long Legs" and our "Bishop". "Nort" is an important member of the Midland Players and has charge of the stage designing. "Nort" is interesting, likes a joke, and can take a joke as well. The chemistry department will lose a valuable assistant when "Nort" graduates.

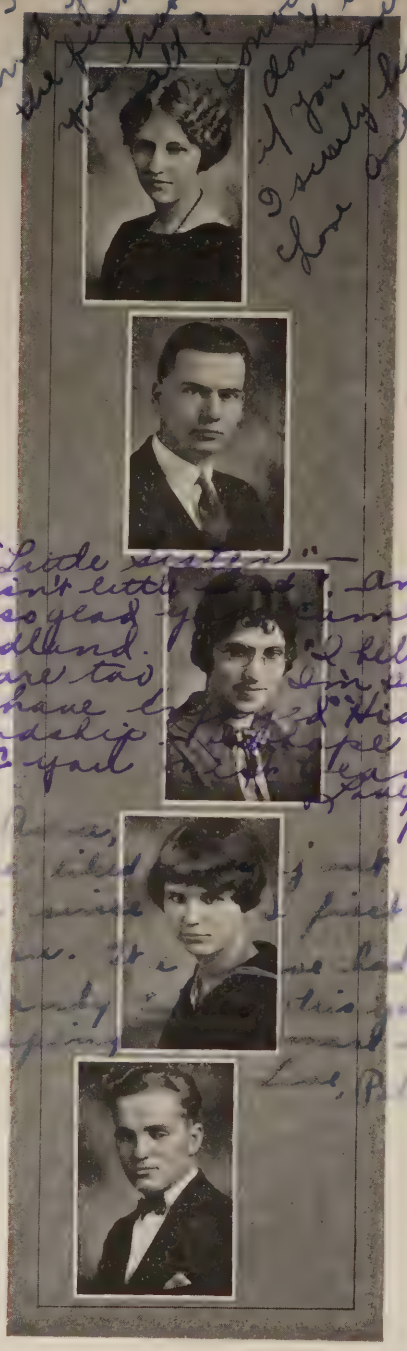
Juniors



ANNA OBERG, Osceola, Nebr.

Anna is a most conscientious and sincere student. She always ranks among the highest in all of her school work. She has talent as a singer, and has been a member of the Glee Club for two years. She is a girl whose friendship is well worth cultivating.

ALBERT QUELLE, Lewellen, Nebr.

"Bert" is one of the most prominent persons in school. He has been a very successful president of the Kals during the past year. This year he has added debating to his list of activities. Frequently he may be seen working in the registrar's office. His heart is in Omaha.

ALICE ZIMMERMAN, Fremont, Nebr.

Alice is inclined to be rather quiet, but she is always ready for a good time. She enjoys her school work, and is a most conscientious student. She is always true to her word, her works, and her friends.

PAULINE PRESTEGAARD, Lincoln, Nebr.

"Polly" is one of the finest, jolliest, and most thoughtful girls on the Midland Campus. All of her friends bring their problems to "Pol", especially the boys and they always received the necessary help. She has presided over the Dorm Co-eds this past year and has done a good job of it.

HAROLD PETERSON, Fremont, Nebr.

"Pete" is the busiest man in school. For the last season he has been business manager for the team. During his college career he has taken prominent parts in the annual plays of the Wynn Society. He is a hard worker, and has done much for his school.

Heres to the wife Frobenius, the late Hamburger magnate. Lots o' luck and happiness "Pat"

LUTHER PATTERSON, Fremont, Nebr.

"Pat" has talent as a singer and has been a member of the Glee Club for the past two years. His favorite song is "Alice, Where Art Thou?" He is especially interested in Journalism, and he expects to specialize in it. "Pat" is full of fun and always ready for a good time.

MINNIE ROHLFING, Lewellen, Nebr.

Minnie is a girl with high ideals and tries to live up to them. She has chosen the Mission field as her life work. Minnie is deeply interested in all of the Christian organizations of the school. The finest thing that anyone can say about Minnie is that she is a girl with a true Christian character.

"All alone"

There was a young lady named Ann.
She took to herself a young man.
This man was her friend
Until the end
Which came on the day of the strand.
Frat.

FRANK MADSEN, Ludington, Mich.

Frank's chief delight is kidding people, girls are his favorite prey. He has ability as a speaker and this year he has taken up debating. His weakness is the Omaha Daily News. Frank enjoys a good time and is the life of a party.

DOROTHY SEXTON, West Point, Nebr.

"Dot" is one of the peppiest and most popular girls in Midland. She is always willing to help whenever she can, and consequently she has won a high place in the estimation of her fellow classmates. Along with this she has ability as a reader, and as a singer.

Dear Anne
If we can't read this you'll have why - Jim to get up. I expect to be running to Omaha next year. Come back and see us.

Anne, if these your fellow classmates interested in seeing you succeed along journalistic lines. Best wishes, -Phil.

PHILIP REISWANGER, Monroe, Wis.

"Phil's" ability seems to be along journalistic lines. He has been editor of the Midland for the past year and has served in this capacity most capably. "Phil" works hard and is only satisfied with the best. He has made many friends while he has been at Midland.

CHRISTIE WARFEL, Fremont, Nebr.

Christie came to Midland from Kearney last year. She is attractive and has many friends. Languages are her specialty. She is a T. K. and always shines when it comes to selling football tickets.

GILBERT LUENINGHOENER, Fremont, Nebr.

Gilbert is sincere, and doesn't have much to say. He believes that actions speak louder than words. He is a math shark, and is interested in science. He hasn't had much time for the girls in the past, but finally he has fallen. One of his hobbies is painting.

VIRGINIA PATTERSON, Fremont, Nebr.

"Ginger" is popular among all the students. Her ability as a singer is well known, and she is a member of the Girls' Quartette, and the Glee Club. She has an attractive personality, which has gained for her many friends. She is interested in all of the college activities.

CHARLES BOWERS, Davenport, Nebr.

Charles is a trustworthy young man, and ambitious to succeed. He is a true friend and always willing to be a friend in need. He works hard and takes an interest in all the work. He went out for football this year and proved himself to be a good steady player.

LILLIAN WILLMAN, Grand Island, Nebr.

Lillian has joined our ranks only this year, but we are glad to welcome her into our class. Already she has proved herself to be a true Midlander and has made a host of friends. She is especially interested in the Y. W. C. A., and is a member of the cabinet.

ARTHUR NELSON, Oakland, Nebr.

"Art" is the silver-tongued orator of our class. He is a captain of one of the debating teams, and won second place in the Debate tryouts. He was a successful business manager for the Wynn play. "Art's" ambition is to be a doctor and he is striving hard to obtain this degree.

BESSIE PETERSON, Fremont, Nebr.

Bessie is a girl whom we admire for her quiet, gentle disposition. She has ability as a singer and this year she is a member of the Girls' Quartette. She likes athletics and is a good basket ball player. Bessie is popular among all the students, but with one especially.

OLLIE HAYES, Auburn, Nebr.

Ollie has been a most loyal Midlander for three years, in her quiet way. Few folks really know her, but those who are fortunate enough to count her as their friend, realize that she is one well worth having. Ollie takes a real interest in all of the college activities.

LLOYD KISTLER, Bunker Hill, Kansas

"Bill" is another one that hails from the Sunflower state of Kansas. He has talent as an actor, and has been in several Wynn plays. He is an "M" man and can always be depended upon to do his part. "Bill's" greatest weakness seems to be the girls.

PERRY JORN, Verdon, Nebr.

Perry is always joking; in fact, folks wonder if he really can be serious. School doesn't worry him much; he is happy-go-lucky and takes things as they come. He made a good play in a football game this season, which won for him the name, "Touchdown Perry."

HOWARD TOMS, Scribner, Nebr.

"Tommy" is another talented member of our class. His ability as a comedian was displayed in the minstrels. He is a real athlete, and is prominent in all school activities. He is a good sport, and what the boys call "a real fellow."

JACK CARMODY, Fremont, Nebr.

Jack is always cheerful, and takes things as they come. School work never seems to bother him much. Talking to the girls is one of his favorite occupations. He is an "M" man and his superior playing has won for him the captaincy of the football team for 1926.

MAE KRUMENACHER, Fremont, Nebr.

Mae is very likeable and is willing to do anything for a friend. She has business ability, no doubt gaining some of this from working in her father's store. She is well skilled along commercial lines, having graduated from that department. She is full of pep and always ready for a good time.

HAROLD HOFF, Traynor, Iowa.

This is only Harold's second year at Midland, but in that time he has become acquainted with all of the activities of school. He has won the heart of a certain young lady, and frequently they may be seen together in the halls. Harold has chosen the ministry as his profession.

GEORGE FRIEDERICK, Norfolk, Nebr.

George is a person you don't see around school very much; he always seems to be busy. He is interested in all of the affairs of college. Sciences are his specialty and he expects to take an engineering course later.

Sophomores

THE SOPHOMORE

The greatest joy of college life is yours,
Oh Sophomore.
So long within these halls thou has lightly
tread
That thou are become a part of that, called
college.
Last year 'twas new and strange and bright;
You took things as they were and ques-
tioned none,
You had no thought but that 'twere here
For thine especial benefit.
Next year a Junior thou will humbly be,
Responsibility so heavy weighing
And when a Senior, all too soon 'twill fade.
Thy youth, the careless, happy life.
So live, blithe Sophomore, live!
Responsibilty to thee is quite unknown,
Grave looks are far, so far, from thee;
Thy knowledge doth not puff thee up,
Thy learning doth not sadly weigh thee
down.
Little dost thou know, Oh Sophomore,
How happy is thy lot.

Seminary

THE FACULTY

DR. DYSINGER

Dean Holmes Dysinger is without doubt one of the most eminently qualified theological professors in the country. But in spite of that he is one of the best friends that either Seminary or College student has around the institution. No one who knows him but loves him for his kindly and helpful disposition, his clear and logical manner of expressing himself, his high ideals and sterling character.

We might discuss this friend for a long period of time and not be able to do justice to the accomplishments for which he is noted. As a student of language he probably is not surpassed in the Lutheran Church. In order to better interpret the Greek and Hebrew, he has become a very accomplished pianist, organist and violinist and often delights his friends with recitals on the zither.

DR. KLOTSCHE

DR. PATTERSON

Dr. Patterson has been completely converted and is now putting in full time with us at the Seminary. He has served in several successful pastorates of the Lutheran Church and is moreover recognized as an excellent student of the Bible. That he has aided in the preparation of the International Sunday School Lessons attests to the recognition of his ability as a Bible Student.

The people from Wolbach are faithful to Kansas with their faithful — Kansas. I know you will like Kansas. Good luck
Sincerely, H. D.

DUMLER LOFT CORDTS

SENIORS

HENRY DUMLER ..... Russell, Kansas

"Old Reliable" Dumler—in everything. It is difficult for "Dum" to reach the mountain top. It is almost impossible for him to walk in the valley. In volley ball, in his friendships, in his pastoral work, this round-faced, good-natured, smiling young man shows the same even, unruffled consistency. Under that calm exterior is ambition, devotion, and resourcefulness. If any doubt that "keeping everlastingly at it" pays, let him look at the records of marriage licenses in Atchison, Kansas, along about June. Dumler becomes bishop of Hampton as soon as he graduates. The good people of that place have chosen wisely. Henry is a "brick" as well as a "rock."

STINUS S. LOFT ..... Fremont, Nebr.

Not lacking in anything—yet the most modest and unassuming of men. A man whose pluck and indefatigable perseverance has won him the love and respect of all. If General Grant's, "I will fight it out on this line if it takes all summer," is worthy of a nation's applaud, surely the sticktoitiveness of Mr. Loft's "I will get there if it takes me the rest of my life" is worthy of angelic praise. Such earnestness and heroic faith cannot be hidden and we will hear from the "Lofts." "He that has been faithful over a few things, shall be set over many things," is the word of the Lord.

H. C. CORDTS ..... Wilber, Nebr.

"Senior's can't work," is his professed creed; but for all that "Doc" Cordts is always busy. From almost the beginning of his seminary work he has been acting pastor of the Lutheran church of Wilber. He is a most diligent student as well—Dumler can bear witness to Cordts' assiduous efforts to find a particular paragraph if it means perusing every book he can find. In the moment's snatched from study or sermon preparation, he regales us with a never-ending flow of wit and humor or busies himself leaving souvenirs of his visits in various odd places about the dormitory. Fun loving, generous, likeable, consecrated leader that he his—how can our friend help succeeding in that high calling toward which he presses, "The Ministry in Christ Jesus."

SAWYER AMEND WHITE WEIGMAN

JUNIORS

JOHN L. SAWYER.....Iowa Falls, Iowa

Mr. Sawyer was for many years a fireman on the Rock Island railroad. His history would make romantic and encouraging reading. While he may disappoint some of his admirers in not following in the footsteps of his namesake, the great "John L." Sullivan, his earnest determination, his stoutheartedness and his heroic fighting spirit will not be lost in the ministry. As supply pastor of York and McCool Junction, Mr. Sawyer and his talented and consecrated wife have won widespread love and respect.

EDWARD AMEND .....Omaha, Nebr.

Eddie came from Laramour, Russia, where he received most of his education. After coming here he entered Midland College as a junior, and having heard the call of the Gospel Ministry, he entered the Seminary upon his graduation. He is an industrious and conscientious student, and a very dependable fellow, always willing to be of service to others. We feel confident that he will be successful in his later ministry.

PAUL C. WHITE.....Wolbach, Nebr.

Paul is already well known as he has made himself useful along many varied lines of activity. The last two years he has been engaged in the work of preparing himself for the gospel ministry, and has applied himself closely to his studies. He has also become intensely interested in foreign mission work and uses his spare time in scanning Chinese "letters" and is reading with more than ordinary interest of the conditions in the Far East.

FRED C. WEIGMAN .....Hastings, Nebr.

In the classroom and among men, a mighty lion. In the home and with a certain young lady, a docile lamb. Unspoiled by deserving popularity; a rare combination of brilliancy and hard common sense, clothed in becoming modesty and friendliness. At the head of every big task, because he is the logical man for the place. Whenever you want a job to be done, and want it done right, just turn it over to Fred.

HENRY SCHERER .....Tekamah, Nebr.

"'Tis the riches of the mind only that make a man rich and happy."

With that as a measure, "My Heinie" should be of all men the most happy. His is a logical, systematic, retentive mind. He has a remarkable memory. Some day you will read, Henry Scherer, M. A., Ph. D., D. D., and rightly so. Still, "Heinie" has a fault—a grievous one. He simply will not get up for breakfast. And the future holds no hope for his reformation, for he has chosen bachelorhood. (?).

CARL KEMPER .....Fremont, Nebr.

Looking at the picture of this, in thought absorbed, young man, one would naturally be inclined to think of an artist, and that's just what our "Carlos" is. Diligent in his studies, modest in life, faithful to his calling, Carl wins the heart of every one who comes in contact with him. His success as a heart-reaching preacher is certain, for the prisoners of Fremont jails, the members of Salem Church, and the students of the Seminary, can testify the same. No one can resist the earnest convictions, and the self-experienced truths of the preaching of Carl.

CURT H. RUNZE .....Suhl, Germany

"Herr" Curt Runze, late of Suhl, Thuringia, Germany, graduate of the Evangelical Lutheran Seminary of Krupp, now "Spuds" Runze, citizen of Fremont, Nebraska, U. S. A. Mr. Runze has the happy faculty of making friends; possesses a hearty laugh and a thorough American spirit, in addition to being no inconsiderable student. In our association with him, we have discovered just two weaknesses: Number one, Mrs. Jensen's Friday dinners. Number two, a certain blue-eyed "Mary" across the water. We are glad to have him with us and predict for him a successful and happy pastorate.

The monogram club was formed at Midland College some years ago and has for its purpose the furthering of clean athletics and the binding of the athletes in a closer group in order to better instill school spirit into them. It will eventually become an aid to the athlete who needs work or wishes to borrow money to help him get an education and in this way will serve a useful purpose on the campus.

During the years past the brunt of the work connected with the management of Midland athletics has fallen upon the shoulders of the Director of Athletics as the past Dean was known. This work was without a doubt too much for one man and a change was instituted this past season which will do much to elevate the standard of equipment and schedule, and make athletics a paying proposition at Midland College. The above group composed the capable body which met and dealt with contracts, coaches, referees and players and in the majority of cases broke the tape as the winner.

For the past three years we have heard the booming voice of the "Iowa Foghorn" on the staff of cheerleaders. This tornado of sound has been the source of much speculation concerning its lasting powers but it never disappointed. Swihart finally realized his life's ambition in his Senior year when he, with Patterson and Dichsen, led the cheering and stimulated the pep of the Orange and Black. If Swi could leave his voice to some of the oncoming "jumping-jacks" they would inherit a much needed quality.

REVIEW OF THE 1925 FOOTBALL SEASON

Any critic, big or little, could have given out dope on the Midland College football team at the beginning of the season that just passed and called it the poorest outlook that Midland had ever had. It seems, however, as if, in these days of psychology and psychoanalysis, one cannot predict with certainty any coming event and hit the nail squarely. This proved to be the case with the fighting Warriors.

An untried coach, a fine player and a Notre Dame grad who had played with Chet Wynne, and a green—Oh! such a green team. The first five games, three of them with teams of much higher standing than our own, resulted in four defeats and one victory. At mid-season and instilled with a spirit that always finds its way into all schools at Homecoming time, an inspired Orange and Black squad carried the fight to the enemy and finished the downhill portion of a poorly started year with five clean-cut wins.

Much might be said of the team and of the men who played for our school and of the scrubs who took the knocks that the varsity might play a better game, but a large share of credit must go to Max Hauser, than whom a better coach and leader of men it would be hard to find. Max had a tough proposition and he met it as he taught his men to meet the foe on the gridiron and came through with flying colors.

SEPT. 26—MIDLAND 6, CREIGHTON 33.

A heavy, fast team with plenty of reserves and a sea of mud will down any team and although it was tough to take, the green Midland varsity got a lesson that was good for 'em. It brought on injuries to several men that caused Midland to lose a chance at the Conference Championship at the hands of Wayne Normal. The only bright spot of the game was the blocking of a punt by Loren Graham, Orange center, on the Bluejay thirty-yard line from where he scampered across the chalk mark for the only Midland marker.

OCT. 2—MIDLAND 0, WAYNE NORMAL 7.

A cripled squad was unable to get into its stride on the slow field against a team of veterans from the upstate school and played on the defense most of the game to lose 7 to 0. Neither Davis nor Chambers was able to play and Friedstrom received an ankle injury in this game that took a month to cure.

OCT. 9.—MIDLAND 18, YORK 0.

On a dry field the team finally struck a scoring combination and romped through a badly organized Panther squad for seven touchdowns. Marty Koolen celebrated and turned in the finest exhibition of broken field work since Horn of '22 fame left school. He rang the bell for four markers, chalking up runs of from 10 to 50 yards with careless abandon. Toms and Carmody also contributed with one each and Carmody kicked six out of seven try-for-points.

OCT. 16—MIDLAND 0, WESLEYAN 10

Another case of too much weight and a man who could drop-kick at the opportune moment spelled defeat for the Orangemen at University Place. The game was scoreless until the final quarter, Wesleyan holding the playing edge, at which time Wiberg, giant Coyote fullback, took the leather across for the only touchdown and

a few minutes later kicked a forty-yard field goal. A large crowd of loyal Midland supporters followed the squad to Coyote town to see the game.

OCT. 23—MIDLAND 0, HASKELL 29

The traveling Redskins came to Fremont and everyone knew what the ultimate result would be, the size of the score being the only question. Early in the game the Midland linesmen solved the Indian signals and were able to hold the second string men fairly well.

NOV. 6—MIDLAND 30, HASTINGS 14. HOMECOMING DAY

After a two weeks' rest and period of preparation, Hauser's tribe was ready for the Bronchoes. The entire school was in the pink of condition as far as spirit goes and a large crowd of old grads were back to witness a most thrilling encounter.

Shortly after the first quarter began, Captain Chambers took the old leather around right end for first blood. Hastings evened things when Welch scored and then

passed for the extra point. After directing an advance of over fifty yards up the field, Carmody, midget Orange quarter, scored on a fifteen-yard end run. The half ended 13 to 7. In the second half, however, the machine started and at the end had shown clearly their superiority over Coach Kline's men.

NOV. 11—MIDLAND 48, NEBRASKA CENTRAL 0. ARMISTICE DAY

Since the Hastings victory it seems as if the team took up the cry of blood and settled down to win the remainder of its games. The Quakers were the first foe in the way of the steamroller and took it in the neck, the scrubs looking good for better than a period against them.

NOV. 13—MIDLAND 12, COTNER 10

Two games in one week seemed a lot but the Warriors were equal to it and although close, the win over Cotner was deserved. Graham, star center, again blocked a punt and ran fifty yards for the score that eventually saved the day.

NOV. 20—MIDLAND 19, GRAND ISLAND 6.

The Zebra jinx had kept Midland from a clear slate on two other occasions and we had never before overcome the Islanders. This was certainly an inspired team that shattered the hoodoo and ran rough-shod over the Zebras. The thrill of the contest came in the third period when Marty ran seventy-five yards behind perfect interference for a touchdown after receiving a punt. The jinx is out-jinxed.

NOV. 26—MIDLAND 6, KEARNEY 0.

A heavy team and a cold day. Midland fighting for a tie, with the loser of the Peru-Chadron tussle for second place in the conference. Graham again came to the rescue and supplied the marker.

ALL-STATE HONORS

Loren Graham, scrappy Midland center, was given mention on several of the all-state teams and this honor he justly deserves. Marty Koolen, half-back and Captain Art Chambers, fullback, were also given all-state team places. Their playing through the entire season was worthy of this recognition and they all three will be back to help win a championship next year.

John Carmody, captain-elect and quarterback, Hans Koolen, guard and brother of the meteoric Marty, and "Tommy" Toms, tackle, were given honorable mention. They will also be here for a year or two. These players were not the only Orange and Black gridsters to cover themselves with glory, for the whole squad was in the game every moment fighting for our beloved Midland.

OUR SCRUBS

What would the varsity do if there were no opposition to whet their mettle or try their courage? What good is a team if it has no trial horse upon which to practice? These men came out every night and took the knocks and bumps that the varsity men might be more fit and that Midland might win. Their's is a loyalty that is seldom equalled in any field of sport. Some of them may never feel the thrill of a Midland cheer or never experience that joy of wearing the big "M", but they plod cheerfully out onto the field of work night after night in the hope that Midland may have a winning team. More power to "our loyal scrubs."

COACH HOUSER

REVIEW OF THE 1926 BASKET BALL SEASON

At the beginning of the season the prospects for a winning cage team at Midland College were very bright indeed. It seemed as if we had all the material in the world and after a rather short session of preparation the team journeyed to Omaha where they were handed a lesson in the indoor game. This showed up the weaknesses and not more than a week later the Orangemen opened the lid of the basket ball season at University Place. Never before in the history of the school has a Midland team downed a Wesleyan team. This year's cage squad will be remembered for the successful way in which they downed the Coyote five. This, however, was the only bright spot of the year unless one could count the close game with Morningside University, which team trounced Creighton later.

It seemed that whenever the guards were keeping down the opposing score, the Orange forwards could not connect for necessary points and vice versa. When team work seemed to be working smoothly the men could not see the basket and then again the jinx of injuries hit the team.

It seems that we are trying to alibi an unsuccessful season but it is not so. The men on the team fought hard and cleanly as do all Midland athletes but it takes points to win games and there you are.

The following men received letters in the indoor game: Ernest Davis, captain and guard; Tom Hollenbeck, guard; George Kistler, forward; Martin Koolen, forward and guard; John Carmody, forward; Howard Toms, center; Romig Krause, forward; Hamilton Mitten, forward; Ted Larsen, forward; Laverne Beckley, guard; Harry Lenhouts, guard; Bruce and Bosserman, center and forward, would have lettered had they remained in school the entire year. Krause received an ankle injury in midseason that kept him on the bench, all the rest of the schedule.

It is hoped that with the material coming back next year that a more successful season may be enjoyed.

CARMODY
Forward

In order to do justice to the men who worked hard on the varsity squad this year we will start with the Seniors who will not be with us any more.

HAMILTON MITTEN, Forward

This is Ham's second year of varsity competition and surely no one can say that his work was not of good caliber. He had hard luck in hitting the hoop during the last part of the season but he had a way of steadying the team when the going was rough.

HARRY LENHOUTS, Guard

The only other Senior to leave the ranks of hoopsters this year is Larry, who is more at home on the gridiron than in the abbreviated costume of the maple floor. He was a member of the "shock troops" and brought up the rear guard.

CAPTAIN ERNEST DAVIS, Guard

Ranking high in the all-time goal defenders of Midland was this man whose example of fast, clean playing and undying spirit all through an unsuccessful season was an inspiration to his teammates. He is only a Soph, and great things are yet promised in this fine athlete.

HOLLENBECK

TOMS

KOOLEN

LAVERNE BECKLEY, Guard

Just a Frosh and his first year of varsity competition in college, but a powerful running guard and the only man to receive all-conference mention. Small but elusive and always cool-headed. In the thick of the fray following the ball all the time. More power to you, Bud.

HOWARD TOMS, Center

Tommy played the biggest part of every game during the entire season and was Houser's choice at center in all varsity work. He has had two years of work at Midland and since he is a Junior will probably give the Orange and Black his athletic services for one more year. Also a football man of no mean ability.

TED LARSON, Forward

That curly-haired Swede from Mead where there is lots of tall grass to hide in. A real Adonis with a geometric figure and a complex for the girls. He has served the varsity for two years and has led the scoring during that time. He will try again next year to "bust" into the gridiron limelight for he will have several years of school ahead of him.

KISTLER
Forward

JOHN CARMODY, Forward

Captain-elect of the football squad and a very active figure in all scholastic activities and pastimes, Jack gave his time and talent to the court game and played a large part in winning from Wesleyan at the beginning of the season. Small for basketball timber, yet he made up for this in speed and fire. He takes on the dignity of a Senior next year.

ROMIG KRAUSE, Forward

Romig had the unfortunate happen during the first part of the season, in a sprained ankle and was out on crutches much of the time. He showed, in the early games, a scoring ability that would have aided the team much and we look for this man next year to help and hope his pins won't break down.

GEORGE KISTLER, Forward

Luke gave indication of varsity caliber late in the season and his scoring ability will make him a valuable factor for next year's quintet. He needs a little polish and then he will be able to compete with any player for the forward position. Just a yearling but a likely one.

MARTIN KOOLEN, Guard and Forward

Marty of football fame carried on his devastating work in the indoor game and like Kistler, after more work under fire will develop into varsity caliber. His football judgment stood in good stead in the cage sport and even Bitzie of Peru could not make him give ground.

THE SECOND STRING

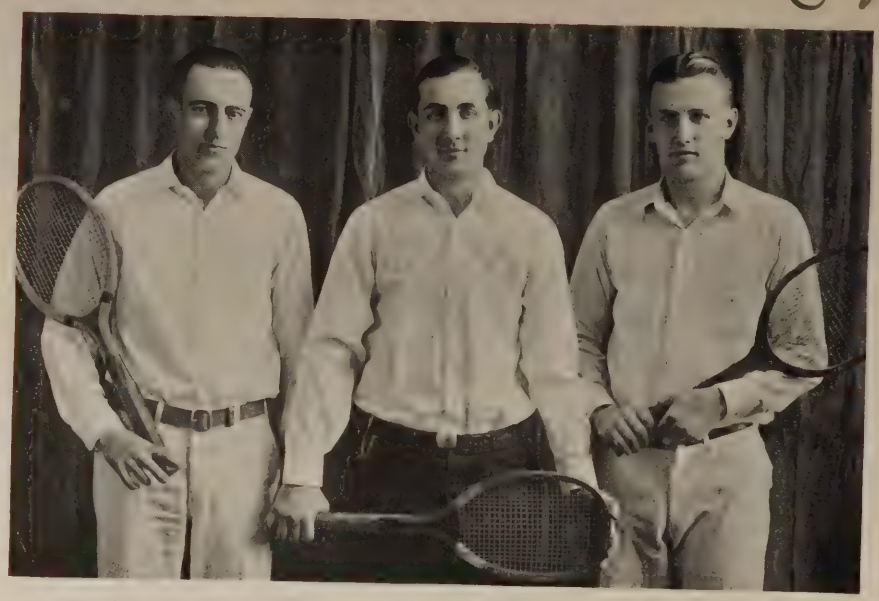
The above group reading from left to right, back row: Mahoney, Grittman, Schimmelpfenning, Packwood, Coach Max Houser; front row: Christensen, Hans Koolen, Peterson, Patterson.

They kept the varsity in condition and furnished added attraction at the regular games by engaging high school and church teams in preliminary contests. More will be heard from them in a year or two on the varsity.

The following games were played by the seconds: Seconds, 22-Pomeroys, 15; Seconds, 18-Cedar Bluffs, 16; Seconds, 12-Yutan, 18; Seconds, 10-De Molay, 20; Seconds, 26-Methodists, 14.

CHEER LEADERS

The present stock of pep prognostigators are the dowry of the yearlings and they are indeed a carefree lot. Greenwalt, Gidley and Harrison took over this important phase of college activity at the beginning of the indoor season and kept alive the spark of Midland cheer during a very indifferent basket ball season. Greenwalt and Harrison have had no previous experience in this game but from Gidley, past clown of the Fremont High, they should learn much along the line of vocal and muscular gyrations.



GRITTMAN . KRAUSE MONKE

MIDLAND TOURNAMENT

In the local tourney last year, Luther Monke won from Romig Krause after a hard battle for the singles title and Krause and Curtis took the doubles from Monke and Swihart. Grittman, who had played well during the meet was sent to the State Tournament in the place of Curtis as Krause's partner.

STATE CONFERENCE TOURNAMENT

Luther Monke, Midland's entry in the singles lost to Staley of Hastings, who won the title of State Champion. The doubles team of Krause and Grittman went to the finals where they lost to Lape and Rice of Grand Island.

OTHER TOURNAMENTS

Hamilton Mitten, Midland Senior, won the Singles Championship of the Fremont Tennis Club and the doubles team of Mitten-Monke took the doubles title of the City Tournament. This team was entered in the Northeast Nebraska Tournament held at Fremont and went to the semi-finals in both singles and doubles contests.

Of the above players Mitten, Krause, Grittman and Monke will be available for competition in local and college meets this year and tennis ranking for Midland College should be very high.

The Y. L. M. S. is an organization among the girls of East Hall. They work jointly with the Women's and the General Missionary Societies of the United Lutheran Church.

The meetings are held on every other Tuesday evening at which time some phase of missionary work is discussed.

Delegates are sent from this organization to the state missionary conventions.

The Y. W. C. A. is one of the leading organizations on the campus. It includes in its membership nearly all the girls in the college. Through this organization the girls are given training in Christian leadership.

The Y. W. sponsors a "Big Sister" movement by means of which the new girls are made to feel at home when they arrive and friendship and advice are given during the trying days of finding their place in the life of the school.

Meetings are held every Monday afternoon. Topics of vital interest are discussed. A special feature this year has been the talks that have been presented by members of the Fremont Altrusa Club on the different lines of work in which they are engaged.

To answer the social need, hikes, banquets and other social events are held under the auspices of the Y. W.

Y. M. C. A.

ALBERT SUDMAN ..... President
ERNEST HARDER ..... Vice President
FRANK ALBRIGHT ..... Secretary-Treasurer

The Y. M. C. A. is one of the prominent organizations on the campus. Being the only exclusively men's organization on the campus, it affords the men of the school an excellent opportunity to get together and talk over the vital problems of life and to get the true light and interpretation thrown into these problems by some of the strong Christian leaders of our city.

One of the interesting features of the social side of the work has been the staging of banquets for the men at the local "Y" once a month. They have proved a great help both to the men and to the organization—physically, socially and spiritually.

Oratory and Debate

Midland has made more progress in the past few years in forensic work than in any other activity in the curriculum. There were twenty-two students trying out for positions on the varsity debate team—twice as many as last year. This is the first year that there has been a second team and an assistant coach for them, Arthur Nelson, who has also captained the winning affirmative.

Just recently the Executive Committee, realizing the paramount significance and value of scholarship the work in forensics holds, created a special Forensic Board to encourage the endeavors in this line. Professor Schory, the capable coach, was appointed chairman. The other members were Nels Anderson, president of the Forum; Luther Monke, president of the Student Council; and Dean Xander and Dr. Martin, as ex-officio representatives.

The splendid showing that has been made in public speaking and its impressive growth must be attributed to the one man who has been the instigator and inspiration of all that has been achieved—to our competent coach, Prof. Harold F. Schory.

SECOND TEAM

This season, for the first time, Midland entered a second team in a dual contest with Luther College. Although the decision was unanimously for the opponents, yet this experience will be of great value to the students who participated and to the development of debate in the college. The affirmative consisted of Albert Quelle, Rachel Lutes, and Romig Krause; the negative of Ted Larsen, Peter Christensen, and Mary Dodson.

ORATORY

Midland has manifested a progress in the field or oratory as well as debate.

Although they were busily engaged in debate work, two men, Arthur Nelson and Herbert Dichsen, contested for the right to represent the school in the state contest. That it was a close combat was evidenced by the 2 to 1 decision in favor of Dichsen.

Bad breaks come to all men, and so it was in the state meet, that Midland's orator was technically disqualified because of self-prompting—a rule of which he was unaware. Had it not been for this, both officials and judges were in accord that he would have been in the rankings.

Next year should certainly find Midland high in oratory.

EXTEMPORANEOUS SPEAKING

Last Spring Midland was for the first time represented in the state Extemporaneous Speaking contest at Grand Island. In the local tryouts there were three entries: Arthur Nelson, Herbert Dichsen and Rainer Dunkel.

Nelson was chosen to speak for the school and made a good showing, in spite of the fact that he was not awarded one of the leading places.

It is planned to entertain this year's contest at Midland.

DEBATING

Closing with a double, unanimous victory over Grand Island College, Midland's varsity won the state debating championship last year. With three veterans, returning, prospects for this year were especially bright.

In the local tryouts, there were thirteen contestants. The first prize of the Patterson award was again won by Herbert Dichsen, the second by Arthur Nelson, while Reno Frobenius ranked third.

A careful selection was needed to get two strong teams. Arthur Nelson was again made captain of the affirmative, with Ernest Harder and Frank Madsen as colleagues; while Reno Frobenius was chosen to head the negative, with Herbert Dichsen and Lightner Swan as mates.

The strong negative team began with a unanimous decision in its favor over Omaha University; however, the surprise of the season came in the next contest when the victory was awarded to Grand Island by a 2 to 1 vote; another unexpected event was the 2 to 1 decision for Kearney. The team closed with a 3 to 0 victory over Central.

After losing to Omaha by a unanimous vote, the affirmative vanquished Grand Island 3 to 0, Kearney 2 to 1, and Central 2 to 1.

Wesleyan forfeited a dual debate because they sent the wrong team.

With seven victories, and three defeats, Midland has had a very commendable record.

The question considered was "Resolved, that the Constitution should be amended in such a way as to permit Congress to regulate child labor."

THE FORUM

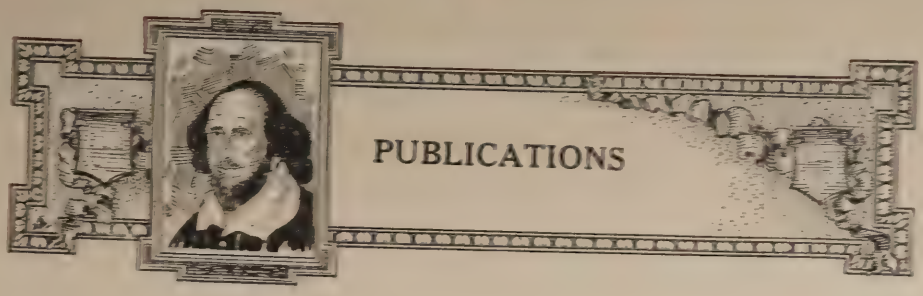
OFFICERS

Reno Frobenius	President
Robert Gaston	Vice President
Leo Nielsen	Secretary-Treasurer
Herbert Dichsen	Sergeant-at-Arms

The object of the Forum is "to promote and encourage literary culture, to create interest in and to afford opportunity for special training in forensic art."

It is probably the most aggressive group in the activities of Midland. Several new members were added at the beginning of the year, to make a total of about thirty-five alert-minded, thinking people, seeking the highest development in the field of eloquence and expression.

It is the Forum which sponsors all events of forensics—and what splendid results have been attained! It is constantly raising Midland's standards in public speaking endeavors and consequently in scholarship.



PUBLICATIONS

The three publications that appear on the campus from time to time throughout the school year are published by members of the student body under the sponsorship of the faculty.

The Warrior, which is the college annual published yearly by the Senior and Junior classes, and the Midland, the college paper, which is published weekly, are primarily the results of student enterprise. The heads of the annual are elected by the two upper classes and the staff of the Midland is nominated by the Student Council and elected by the entire student body.

The Student's Handbook is the little blue book that helps the Freshmen "find themselves" when they enter college. It is published during the early part of the summer by the Federation of Christian Organizations of the College. This body selects two students to have charge of preparing the material for publication.

All of these publications are under the supervision of a committee of three faculty members who lend a helping hand in time of distress, and otherwise advise as to the most efficient methods of publication.

Therefore it is plainly seen that the different organizations of students on the campus are striving continually for a "Bigger and a Better Midland" and as each year increases the efficiency and the calibre of the publications so it is hoped that the Midland Spirit will continue to grow and manifest itself in the publications of our Alma Mater.

THE WARRIOR

Under the capable leadership of the editor, The Warrior of 1926 is one of the most representative and best organized annuals ever turned out. The staff has been well trained to collect their data and put it into the best form that was possible. They have worked hard and have given over many hours of valuable time to achieve the successful annual that you are now reading.

As editor-in-chief, Ted Wood has proven one of the most consistent, hardworking students that has ever undertaken this task. Due to his likeable nature and sterling qualities, he has been able to work in fine harmony with his staff.

When it comes to handling finances, well, everybody knows Luther Monke. As business manager, he has made The Warrior a financial success and owing to his sunny disposition he has won many friends for the college and himself.

Phillip Beiswanger has been Ted's able assistant and has successfully filled the office of Associate Editor. More will be heard from "Flip" next year. Pete Peterson has filled the bill as advertising manager. He has gained a lot of valuable experience which will be a great aid to him next year.

WOOD MONKE BEISWANGER PETERSON

THE MIDLAND

The Journalism Class which was established in 1924, has proved a very fine thing for the journalistic work of the school. One of its chief duties has been the publication of the Midland and the results of even these two years' work have been evident in the gradual improvement of the college paper.

Naturally a great amount of credit for the success of the Midland this past year has been due to the man at the helm. Phillip Beiswanger was elected by the student body to fill the place of the editor. He has handled his responsibility in a most business-like manner. Owing to his past experience on the Midland he was well fitted for his job and he has proven that, as a journalist, he is an "ace."

The business end of the paper was ably handled by Reno Frobenius. Because of his smiling countenance, combined with his business-like methods, he was able to handle the financial affairs of the paper very successfully.

As associate editor, Nels Anderson has occupied his office in a most efficient manner. Nels is a born journalist, having served successfully on the staffs of larger newspapers. Art Nelson has aided Reno in a very effective manner to roll in the cash to finance the paper. He has served as associate business manager.

The Christian Federation is an organization made up of two representatives from each Christian organization of the college. Its object is to secure cooperation among our organizations and to further the religious work on the campus. This group also functions as a board, representing the Lutheran Students' Association, as no active organization is found on the campus.

The Student Council of Midland College is organized "to act as an intermediary between the faculty and student body, to take potent and actual measures toward the elevation of moral standards among the students, and to act as a board of arbitration for the various organizations of the college."

The Student Council has had a big work cut out for them this year. The council, with the cooperation of the rest of the students of the college, sponsored and managed the first Student Chest Campaign Fund and it went "over the top." Then, too, the council has had charge of all the four college parties that have been presented to the students this year. They were the Hallowe'en party, the Christmas party, the Valentine party and the Spring picnic.

The Dorm Co-Eds were organized in December, 1925. The purpose of the league is to encourage cooperation, fellowship and high ideals of student life for all girls attending Midland College. Any girl residing in the East Hall may become a member.

During the year the league has sponsored the following activities: A social affair to get acquainted with the new students, a distinctive feature portraying the student life at Midland at Commencement, and various entertainments for the faculty and students.

Each year the league is to sponsor the selection of the girl among the student body who best represents the highest type of Midland College girl.

One of the functions of the league is to select a goal toward which they will strive during the year. This year we have chosen the work of raising funds for the Girls' Dormitory.

This year the league has made a good beginning and we hope that next year and in years to come it will accomplish much.

The Inter-Society Council was organized in 1923 to meet the demand of a board of inter-society arbitration created by the expansion of Literary Societies and activities of the same in the college.

The purpose of the council is to act as a board of arbitration upon difficulties arising as regards the regulation of inter-society activities, such as the rushing of new members, time of programs and presentation of plays, and such other activities in which the societies have mutual concern.

The Wynn Literary Society, the oldest organization in Midland College, still maintains great prominence in the social, literary and dramatic activities of varsity life as evidenced by its accomplishments of 1925-26.

The society was organized on April 7, 1890, and was christened in honor of Dr. W. H. Wynn, Ph. D., D. D., Midland's beloved professor of English Literature and History.

The Wynns published the first monthly college journal, which is now a weekly paper. The first play in the life of the college was given by this organization, and since that time, have been annual events. This year, Lewis Beach's famous production, "The Goose Hangs High," was presented as the dramatic success of the year. Also, the custom of holding an annual banquet and reception, some of the biggest social events of the season, originated in their midst. Varied and interesting programs, alternating each week with the sister-society, have been presented, exhibiting and developing talents, otherwise concealed.

The motto of the Wynn Literary Society means, "We follow the glory of the conquering." Its membership has increased as the years roll by. Many victories and triumphs have been accomplished by the unwavering loyalty and enthusiasm of the members, which brings tidings of many greater successes in the future.

KALOPHRONEAN LITERARY SOCIETY

OFFICERS—FIRST SEMESTER

Albert Quelle	President
Lucille Hecht	Vice President
Helen Cotta White	Secretary
Richard Jones	Treasurer

The Kalophronean Literary Society, organized in 1889 for the purpose of promoting literary growth among the students, has retained that devotion and determination which characterized its twelve charter members and today is one of the strongest, most loyal organization that Midland has ever fostered. The motto "Perge Modo" has always been an inspiration to Kalophroneans and they have dared to press "ever onward" toward the highest goal in achievement and in service toward their school, their society and fellow men.

In the Fall of 1925 the Kalophroneans were allowed to pledge fifty of the new students to membership in the society. The full number was very carefully selected and pledged through the faithful work of the older members and the well known integrity and good standing of the organization.

The society presents two programs each month except in cases of conflicts with other college activities. The talent of Kalophronean's musicians and readers are a source of heart-felt pride to the society.

The thirty-second anniversary was celebrated this year with the customary reception and banquet. The excellent attendance of the alumni exemplifies the place the society will always hold in every true Kalophronean heart.

"Living consistently" seems to be the motto of the day. It seemed so to the Commercial Students who registered for school work in 1919. Consequently, immediately after the opening of the fall term, the Commercial students organized the Eureka Society. This name, meaning "I have found it" seemed especially appropriate to students in their search for knowledge. The society started at that time, has continued to flourish and is a very much worth while organization on the campus today.

Shortly after the school session began in 1925, the Commercial department was called together and the officers elected for the ensuing year. This past year has been one of the most successful in the history of the society.

Just a word as to entertainments. A week before Hallowe'en, the girls of the society entertained the boys at a party, held in the Commercial rooms. Previous to Christmas vacation the boys returned the compliment. We must admit the boys make excellent hosts. These are just a few of the many good times which we have enjoyed together during the past year.

The Pathfinder Warriorettes were organized four years ago for the purpose of promoting pep and enthusiasm at Midland. The organization is limited to sixteen members, which consists of sixteen of the peppiest and most popular girls of the college.

The enthusiasm of the Pathfinders is aroused at the beginning of the school year, when they are authorized to go out and sell football tickets. The financial success of athletics is due on a great part to the Pathfinders. Although defeated this year by their competitors, the T. K's, the Pathfinders had previously won for three consecutive years.

The Pathfinder members are all filled with the real Midland spirit which they not only show by their loyalty to athletics but in all activities of the school.

The T. K. Warriorettes was a group of sixteen girls first organized to establish competition in the art of selling season football tickets to the business men of the city of Fremont. For the first time in the four years that they have been organized the T. K.'s won the contest this year and are proud of the fact. This was due to just plain, honest hard work by the girls, both as individuals and as an organization.

The organization is composed of sixteen of the most popular and active workers on the campus. This is necessary because part of the financial success of the football season falls upon these girls. They are sent out by the Athletic Board and are told to sell, sell, sell. They do, too.

Sometime toward the end of the season the winners are given a party or banquet as a reward for their labor.

Meetings are held bi-monthly, at which time members and professional men furnish the programs. One of the outstanding features of last year's schedule was a spectacular demonstration of the properties of Liquid Air by Dr. H. F. Cady, of the State University of Kansas.

The Midland Men's Glee Club has won the reputation of being the best in the state. Their interpretations are both masterful and appealing, their tone qualities are exceptional, and their programs are always rendered in pleasing style.

Early in the year the Madrigal Society began work on their program for the annual tour. The girls, under the competent guidance of Professor Jones, have succeeded in making this year one of which Midland can well be proud.

This year the girls made a tour of some of the most prominent cities in Kansas, placing before the churches in that territory the best that Midland has to offer her young people along that line. They were well received and hope to return to these places in the future.

DRAMATICS

MRS. C. W. HAWKINSON

THE MIDLAND PLAYERS

The Midland Players is the newly organized dramatic organization of Midland —answering a long felt need for a definitely dramatic organization on the campus. Just as the vocal and forensic departments need definite organizations such as the

Glee Clubs and the Forum, in order to obtain the best results, so in the field of dramatics, there was needed an organization whose whole aim and purpose should be for improvement in dramatic production.

The Midland Players have this year made a definite contribution to the student life of the college with the production at Christmas time of "Why the Chimes Rang" —and through the various one-act plays which have been produced during the school year. The major activity for the year was the staging of Captain Applejack, a three-act play by Walter Hackett, which they put on in a very excellent manner.

"CAPTAIN APPLEJACK"

A Three-Act Drama

Midland expected much and received more in this, the first production of The Dramatic Club. The players exhibited distinctive talent and reflected credit on the efficient direction of Mrs. C. W. Hawkinson. They surpassed all expectation in the manner in which they took their parts.

The cast was large and strong, and all had extensive dramatic experience so their production was not amateurish. "Captain Applejack" had an intricate plot but it was well enacted. The players succeeded in portraying the characters, the scenes, and the emotional effects for which the play was designed.

"THE GOOSE HANGS HIGH"

A Three-Act Play

The Wynn Players scored a new triumph over their already well established prestige. The three-act comedy-drama, by Lewis Beach, was full of opportunity for stage setting and the expression of spontaneous feeling. The well-chosen cast portrayed and enlarged upon the deep emotional passages and played up to all the vigorous carefree thoughts of the author.

The plot was filled with beautiful young love, with the pure sacrificing love of parents, and with the sheer joy and love of life. Each member of the cast lived so truly in his part that the audience could not but catch the full spirit of American home surroundings and the true joy of Christmas.

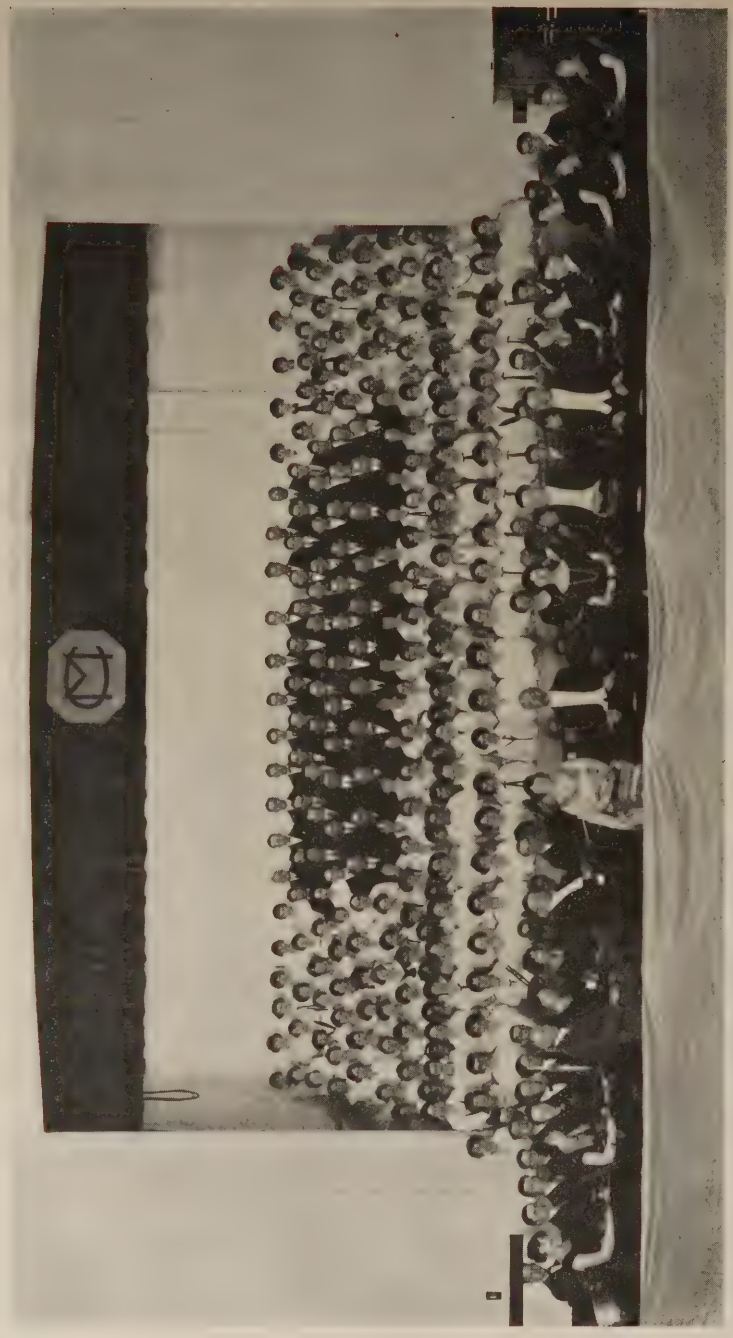
PROF. C. W. HAWKINSON
Director

THE MIDLAND SYMPHONY ORCHESTRA

The Midland Symphony Orchestra is composed of thirty regular members. It is necessary for those entering the stringed section to pass an examination to Mrs. L. C. Wicks, violin instructor at Midland. Those of the other sections are examined by Carl W. Hawkinson. These facts, together with the type of music studied, makes it distinctly an honor and an accomplishment to be a member of this organization.

The Orchestra plays distinctly high grade symphonic music and completes work on at least one Symphony a year. By far the most important work of the orchestra is done on Handel's Oratorio, "The Messiah," Mendelssohn's "Hymn of Praise," and "Hear My Prayer," which are presented each year in the Spring. At this time the thirty members are augmented by special soloists who increase the number to forty trained musicians.



THE MESSIAH CHORUS

THE MUSIC FESTIVAL

The plan of an annual Music Festival to be held in the spring of the year which was inaugurated last year with the rendition of the Messiah before a packed house, met with even greater success this past year. The work of the chorus this year has been greatly enlarged and the remarkable success which attended the Festival points to still bigger things for the future.

This year the chorus undertook to give the music lovers of the state an opportunity of hearing Mendelsohn as well as Handel. On April 13, Mendelsohn's beautiful compositions, "The Hymn of Praise" and "Hear My Prayer" were given in a wonderful and inspiring service of song. Thursday night, the chorus appeared again rendering the Messiah as last year, with the addition of several choruses.

This year, the chorus was again in the hands of Professor Jones who so ably trained the chorus last year. Too much credit cannot be given for the work he has thus so ably organized here in Fremont. The Fremont-Midland Symphony Orchestra, under the direction of Professor Hawkinson with Mrs. Wicks as concert-master and Professor Shoemaker at the piano played the accompaniments for both the Messiah and the Mendelsohn concerts, besides rendering the concert of its own on April 14. The orchestra's rendition of Shubert's Unfinished Symphony on this night was one of the best parts of the Festival.

The artists who were obtained for the Music Festival included Mrs. Genevieve Cowden, Soprano, of Kansas City; Mrs. Raymond Haven, Contralto, of Kansas City; Mr. Clyde Matson, Tenor, of Aberdeen, South Dakota; Mr. Hugh Rangeler, Bass, of Fremont; the West Sisters String Quartette of Omaha.

Midland and Fremont are to be congratulated on the work that they are doing. The chorus was organized last year for the purpose of furthering better music in the community. It is known not only as a Midland chorus but as a community affair and this year almost half of its members have no connection with the college. It is certainly a fine thing that the town and the college work so well together in such an excellent undertaking.

The attendance on every night of the festival was very remarkable and extremely gratifying to those who are interested in developing a better appreciation for the truly great works of music. Visitors were here from all parts of the state, hundreds coming up from Omaha and Lincoln. Fremont is more and more being looked to as the music center of Nebraska.

PROF. F. L. SHOEMAKER
Director of Course

LECTURE-CONCERT COURSE

Midland's Lyceum Course this year has been exceptionally well chosen and highly appreciated. All the numbers have been the finest obtainable in their respective lines, and a more appreciative audience could not have been found.

The opening number was The Kansas City Little Symphony Orchestra. They gave two programs, one in the afternoon and one in the evening. A large and interested audience attended both concerts. It was a rare treat to have secured this famous orchestra on Midland's schedule.

RICCARDO MARTIN, *Tenor*

His program was a widely varied one, consisting of French, Italian and English songs, and two opera arias. He delighted his audience by the strength and quality of his voice, by the polish of his delivery, and the loftiness of his themes.

ROBERT SCHMITZ, *Pianist*

Probably not one of the young pianists have achieved such a brilliant record or become more notable in our musical life than the famous Frenchman, Robert E. Schmitz. His appearance at Midland was one of the most important of the course.

RANN KENNEDY PLAYERS

Charles Rann Kennedy is the author of "The Chastening," which was presented at Midland. His company consists of himself, as "the carpenter," Edith Wynne Matthison, as "the carpenter's wife," and Margaret Gage, as "her son."

Bernard Shaw has spoken of the production as "A magnificent play, magnificently acted." They gave us a great drama full of pathos, classic humor, human nature, truth, egotism, imagination, and love, deep altruism, and a hint of tragedy.

RALPH PARLETTE, *Writer, Thinker, Philosopher, Lecturer.*

Ralph Parlette, writer, thinker, philosopher and lecturer held his audience in perfect attention for an hour and a half with sallies and combinations of wit and philosophy, humor and common sense. His subject was, "Swat the Snake and Cooperate."

"Saving Is the Difference Between Success and Failure."

President Coolidge has said that "Every one knows that it is not what is earned but what is saved which measures the difference between success and failure."

The saving of money is inborn with some people. They make every dollar perform its fullest duty. Others acquire the ability to save money and it becomes a habit with them.

Buying inferior goods because they are cheap is not thrift. It is wasteful because the service is correspondingly short.

The way to decide "where savings are greatest" is first to look into the ability of the store to buy right; then the reputation of the store for selling right.

The buying power of this Store is tremendously increased because of the co-operative buying for all the Stores of this Nation-wide Organization. This advantage is *your advantage each time you buy from us.* And paying cash you enjoy an added saving.

HUMOR

One day while in our study brooding over the tremendous problem of whether Thales was a oliphatic hydrocarbon or a law of the simple pendulum, two pompous gentlemen, connected with the institution, rushed in, wild eyed, and hair disheveled; and declared that the 1926 Warrior was the bunk, and that they had come to me to save the day. Well, I can't even save my money, but inasmuch as these two gentlemen have considerable power about the school, especially such little things as excuses when you've stayed out too late with your girl the night before and miss an eight o'clock, I promptly assumed a wise and solemn air and assured them they were very right in their conclusion and by coming to me they had showed extremely good judgment (something inside hollered banana oil, but I got a poker face, so I got by all right), I informed them I had some very good ideas upon the subject (which is more banana oil) and since these two esteemed gentlemen favored me I would turn my magic fingers over the keyboard of the old reliable Montgomery Ward typewriter and save the honor and tradition of the Warrior. So, goodbye forever, Thales. You may have been all we thought you were, but now you are only a memory in the shrouded and dusty portals of the past.

We are distributors for the Radio Corporation of America line of Radios, Radiotrons, Etc.

In the Pockets of America

It has been estimated that 20,000,000 Americans carry in their pockets $560,000,000 in bills and loose cash.

A Costly, Dangerous Custom

Remember this money in the pocket is non-interest bearing cash, it is not in the bank in the form of deposits and cannot be used as a basis of credit.

The columns of our newspapers are filled with the records of personal holdups, pay roll bandits, house breaking and pick pockets.

Why carry money in the pocket? Carry a check book! If it is lost, you can get another and it has no value to the finder. A check is a receipt for money paid.

The safe and wise place to have money is in the bank. Deposit your pocket money today.

Your Savings Account in this bank will earn 4% interest for you, compounded semi-annually.

MANY college functions have been held at Hotel Pathfinder. We hope the pleasant recollections of these events will be renewed in the minds of students and patrons of Midland whenever this year book is taken up for reference.

The struggles, hardships and joys of college days are written in the hearts of students and faculty alike.

Any little part this Hotel and its staff has had in making your school work at Fremont more pleasant—any use you have made of these facilities for your comfort and convenience, fills us with enthusiasm, and we want you to continue to feel that Hotel Pathfinder is your hotel, just as you feel that Midland is your college.

THE FRESHMEN

Nothing to brag about. Have lots to learn, most of which they never will. A few good looking girls in the class, but the looks has gone to their head; and to some of the upper classmen as well, including the negative debate captain. Midland stands in need of a big mother heart to look after the welfare of the children.

Not so bright, not so dumb, we feel sure their names will never rest in the halls of fame.

FOOTBALL

A subject presided over by that Notre Dame shiek, Max Houser. Ranked as one of the most fluent and eloquent orators of the age.

At spasmodic occasions, he lines his men up against a bone crushing outfit from another institution of education. The game is to see who can break each others neck first. The crowds stand on the sidelines and help materially by yelling moral encouragement in such words as "Kill them, kill them," "Wipe them off the face of the earth," etc.

BASKET BALL

When Houser doesn't teach "feetball" he coaches the manly art of "up in the air pool." A very fascinating game, but the dorm girls don't admire the basket ball men nearly as much as they do the big football stars.

"M" CLUB

A very exclusive club on the campus. Much limited membership. Membership requirement: Knock a man cold in either football or basket ball. Be able to flunk in any course in school. Let all the dorm girls gush over how big and manly you are.

GLEE CLUBS

A bunch of discordant notes that Prof. Jones takes out for exhibition every spring.

THE WARRIOR

This "junk."

THE MIDLAND

The weekly anxiety of Beiswanger, Anderson, Forbenius and Nelson; the grief of the whole school; and the only reason the faculty escapes criticism from the students. The Midland gets all the cussing.

THE FORUM

Composed of a group of people who think they can give a speech. (They don't know any better.) They have a perfectly good time among themselves, and are harmless, so let their memory rest.

DEBATE

A team is composed of the six men who can feed the hottest line in school. To be a debator you must take any great evil and gild it in beautiful words so that it looks to the audience like the Divine handiwork.

Farewell!

We bid farewell—a farewell not
As bright as we might wish;
For which of us can e'er forget
The friends that we will miss?

We'd like to linger just a while—
Still closer bind the heart
With bonds that lock in close-clasped hands
And smiles before we part.

How strangely dear and close has come
To be, these halls—this name,
To which so many years ago
Those foolish Freshmen came.

What glory then before our eyes
This end—this grand tomorrow,
Which now almost indifferent lies—
Is even tinged with sorrow!

But yet, who would regret the days
Because the end has come?
Nay never! For these memories
Will stay 'till day is done.

But we must go, so once more friends
We touch—we wish you well—
May Got protect—we'll think of you
But we must go—Farewell!
